Subject: Action Item 3 - Two Layer Map Draft FS and EPA SMAs

Kristine –

The following action item was discussed in our May 22 FS technical meeting and captured in last Friday's action items list:

“3. LWG will provide a two layer map of just the total alternative outlines for draft FS SMAs and EPA's SMAs.”

The attached map provides this information as part of the non-binding informal information exchange process for the FS technical discussions. The map shows a comparison of the overall footprints based on:

1. Mapping Draft FS RALs using the LWG natural neighbor surface with Draft FS Benthic Areas (Draft FS RAL areas)
2. Mapping EPA RALs using the EPA natural neighbor surface with EPA 2014 Benthic Areas (EPA RAL areas)

Thanks!

Amanda Shellenberger, P.E.
